

FEATURES

The AU-L-RL-350 is a powerful RGB strobe light designed to deliver intense flashes and vibrant color effects for stages, concerts, clubs, and large-scale events. Its dynamic strobe performance and rich color output create high-energy atmospheres, making it perfect for live shows, DJ performances, and entertainment productions that demand strong visual impact.

Built for performance and reliability, the AU-L-RL-350 offers flexible control options that allow seamless integration into any lighting setup. Whether used in automatic mode or synchronized with music and other lighting effects, it provides a dynamic and immersive experience, making it an excellent choice for lighting professionals and event organizers looking to elevate their shows.
